

## Solar Power Systems

### 12VDC Solar Power Systems

These Integrated Solar Power Systems are complete, integrated power supplies designed for loads requiring reliable 12 VDC (24VDC and 48VDC also available). Each system contains the components necessary for safe and reliable power generation without the need and expense of installing a utility hook-up. TESSCO's Systems are shipped pre-wired and pre-assembled and installation is as simple as mounting and connecting two wires. Applications include: Broadband Radios and Access Points, Repeaters, Security, Lighting and Surveillance.

*Off the shelf systems are ready to ship TODAY*

- Pre-sized for most common 12VDC wireless applications
- Easy and Simple Plug and Play Installation
- Systems are Pre-Wired and Pre-Assembled
- Provides clean regulated power anywhere in the US
- Side of Pole Mount Design (Schedule 40 Pole not included)

Item# Qty/Uom	Manufacturer P/N / Warranty	Description Enclosure Type	Wt. (lbs) Wgt. (kg.)
	Kyocera Solar Inc 88812 1 year	Industrial pre packaged 12 vdc. solar power system with (2) 87 watt solar panel and (1) 265 Amp Hr. battery. Also includes Radio Shelf w XL Enclosure. 3R White Power Coated Steel	195.00 88.64

### 24VDC Solar Power Systems

These Integrated Solar Power Systems are complete, integrated power supplies designed for loads requiring reliable 24 VDC (12VDC and 48VDC also available). Each system contains all the components necessary for safe and reliable power generation without the need and expense of installing a utility hook-up. TESSCO's Systems are shipped pre-wired and pre-assembled and installation is as simple as mounting and connecting two wires. Applications include: Broadband Radios and Access Points, Repeaters, Security, Lighting and Surveillance.

- Pre-sized for most common 24VDC wireless applications
- Easy and Simple Plug and Play Installation
- Systems are Pre-Wired and Pre-Assembled
- Provides clean regulated power anywhere in the US
- 4" Side of Pole Mount Design (Schedule 40 Pole not included)
- Systems include a large radio shelf perfect for mounting sensitive electronic equipment

Item# Qty/Uom	Manufacturer P/N / Warranty	Description Enclosure Type	Wt. (lbs) Wgt. (kg.)
	Kyocera Solar Inc 24260SH 1 year	Industrial pre packaged 24 vdc. solar power system with (2) 130 watt solar panels and (2) 99 Amp Hr. batteries. Also includes Radio Shelf w XL Enclosure. 3R White Powder Coated Steel	250.00 113.64
